ADHESIVE TAPES & DIE CUT SOLUTIONS WIRE HARNESS

strong

smart

stable

BLACK PVC TAPE ROHS COMPLIANCE FR GRADE (218FLC)

AIPL Sunsui 218FLC is an environment friendly product because lead & cadmium contents are within the permissible parameters. AIPL Sunsui 218FLC is constructed by following the RoHS guidelines to confirm it's Eco-Friendly nature. The product complies with RoHS guidelines.

- Adhesion to steel is very high to give strong bonding on PVC wire.
- FR Grade. • RoHS Compliance.
- AIPL Sunsui is extremely soft & flexible in nature with high conformity hence it's a suitable product for CABLE HARNESSING applications for the Automotive Industries.
- AIPL Sunsui 218FLC is a product of FLAME REDARDANT nature & hence it meets the requirement of Cable Harnessing Industries perfectly.

BLACK PVC TAPE LOW VOC

It is made SPVC film coated with a rubber based adhesive on one side. High elongation and excellent conformability for wire harness.

- PVC Tape in black color.
- REACH compliance.
- FR Grade.
- Special grade glossy PVC wire harness tape with strong Adhesive and higher thickness for Cable wire harness industry.
- Temperature resistant
- Lower thickness but good in quality

BLACK PVC TAPE (218FLC1S)

PVC Tape for Cable Harnessing Application Description: Sunsui 218FLC1S is an environment friendly product because lead & cadmium contents are within the permissible parameters. Sunsui 218FLC1S is constructed by following the ROHS guidelines to confirm it's Eco-Friendly in nature. product is coated with natural rubber base adhesive to give good backing on PVC wire.

- PVC Tape in black color • RoHS compliance • FR Grade.
- Special grade glossy PVC wire harness tape with strong Adhesive
- Cable wire harness industry.

HIGH TEMPERATURE PVC TAPE (218S)

It is made SPVC film coated with a rubber based adhesive on one side. High elongation and excellent conformability for wire harness.

- RoHS compliance.
- FR Grade.
- Application
- High temperature resistance PVC wire harness tape for cable wire harness industry with higher thickness.

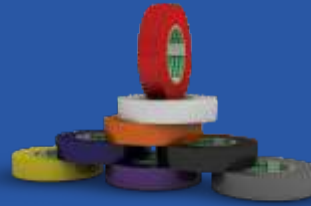

**NEW
LAUNCH**

HIGH TEMPERATURE ORANGE PVC TAPE FOR ELECTRICAL VEHICLE

PVC TAPE "REACH COMPLIANCE" (218FLCRH)

It is made SPVC film coated with a rubber based adhesive on one side. High elongation and excellent conformability for wire harness.

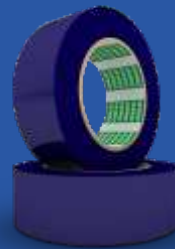

- REACH compliance. • Easy to tear after applying on wire harness.
- FR Grade • Temperature resistance.
- Special grade glossy PVC wire harness tape with strong Adhesive for Cable wire harness industry.

BLUE PVC TAPE REACH COMPLIANCE (BL-223RH)

It is made SPVC film coated with a rubber based adhesive on one side. High elongation and excellent conformability for wire harness. Used in wiring harness.

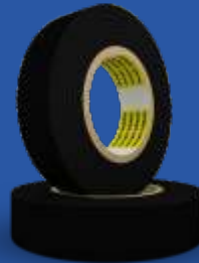

- Wiring harness grade for machine application.
- Easy to use on PVC wires • REACH Approved • FR Grade.
- Blue joint tape main application is to apply through machine on PVC wires to make production on faster mode • Temperature resistant.

HIGH TEMPERATURE PVC TAPE (218FLC L90)

A pressure sensitive PVC wire harness tape designed for both hand & machine taping. Controlled unwind eliminates scrap and improves productivity.

- High Temperature Resistance
- Suit for engine application
- Easy and smooth to unwind
- RoHS compliance

PROT PVC TAPE REACH/ROHS COMPLIANCE + D/S TAPES

Prot PVC is RoHS compliance. It is laminated with D/S tissue tape on the edges. PVC protection sheet with double coated tape on one side for bundling of engine harness.

- Available in different thickness to suit your specs • FR Grade Application • High mechanical strength • High voltage resistance
- High temperature resistance • Ideal product for cable harness industry • REACH compliance available against requirement.

PAPER MASKING TAPE

A premium & economical general purpose grade crepe paper masking tape, provides excellent pressure sensitive & quick qualities and resistance to water solvent & oils.

- GP masking tape • Residue free removal • Writable grade
- Hand tearable

FLEECE TAPE (F-1400)

AIPL Sunsui F-1400 Fleece tape is a PET non-woven tape.

- Soft and smooth unwind
- Good tensile strength and abrasion resistance
- Non fraying cloth, rotting resistance
- Specially designed for easy-tear when hand applied
- Halogen free, Lead free
- Solvent free, PVCD compatible.
- For manual and machine binding and wrapping of automotive electrical wiring harness. Single side coated with pressure sensitive synthetic rubber adhesive.
- The product is REACH compliance and designed for applications which require a high temperature resistance.

FLEECE TAPE (F-4400)

- Soft and smooth unwind
- Good tensile strength and abrasion resistance
- Specially designed for easy-tear when hand applied
- Halogen free, Lead free
- REACH compliance
- FR grade
- Temperature -40°C to 125°C (T3)

PET CLOTH TAPE (F-2500)

- Polyester Fabric Tape in 25 mtrs
- 0.142 ± 0.02 mm
- REACH compliance
- FR grade
- Temperature -30°C to 150°C (T4)

PET CLOTH TAPE (F-4500)

- Polyester Fabric Tape in 25 mtrs
- 0.170 ± 0.03 mm
- REACH compliance
- FR grade
- Temperature 125°C (T3)
- Hand Tearable

PET CLOTH TAPE (F-13085)

- Pet cloth tape in 25 mtrs
- 0.240 mm
- REACH compliance
- FR grade
- Temperature -40°C to 150°C (T4)

T1 = 85°

T2 = 105°

T3 = 125°

T4 = 150°

PU FOAM SPONGE/PP FABRIC DIE CUTS

PU foam adhesive coated & die-cut as per need

- Used in select wire harness.
- To provide cushioning effect
- Used to avoid noise & Sound.

PE FOAM TAPE (A-501R)

A 501 R is double side foam based tape with both sided siliconised film Red liner.

- PE foam having high elongation
- Good bonding in between two surfaces
- Good shear resistance power
- Economical grade
- Good adhesion

ACETATE CLOTH TAPE

Description: - Unique electrical tape offering excellent conformability ability in coil wrapping application. It also offers excellent absorption of Resin & varnishes. It has got the excellent property of sound dampening.

- Flame Retardant.
- Easy cut and excellent flexibility for optimum bundling of wires.
- Insulation and corrosion and resistant.

GLASS CLOTH TAPE – FR GRADE

- A high quality pressure sensitive thermal insulation joining tape with a glass cloth mesh face offered in 5 mil and 7 mil.
- Used as a joining or finishing tape to seal edges and joins in duct and pipe insulation.
- Excellent vapor Barrier due to low moisture vapor transmission rate
- Good high and low temperature resistance -service temperature: - 20°C to +120°C.

OTHER PRODUCTS AND THERE ARE MANY MORE...

FLOOR MARKING TAPE

Floor Marking Tape is being widely used now days for Safety, Identification and lane Marking for storage segmentation. Ideal for ISO 9001, TS 16949 Companies, good resistance to chemical & other moving objects. Available in various sizes & colors.

MASKING TAPE

A premium and economical grade general purpose Masking Tape provides excellent Pressure Sensitive and quick qualities and resistance to water, solvents and oils.

BOPP TAPES

The BOPP tape is available in different colours sizes and thickness. BOPP tape is used for carton box sealing. Printing of Logo also available.

AIPL CONSPICUITY TAPES

AIPL Conspicuity Tape facilitates the reflection of the incoming light back to the light source. It is not wrong to say that reflective tapes are those unsung safety heroes that quietly help to create a safer environment for everybody.

About Us

Ajit Industries Private Limited is one of the flagship company in the country, Engaged in manufacturing of "PRESSURE SENSITIVE SELF ADHESIVE INDUSTRIAL TAPES" since 1998. The Company was incorporated in Delhi by the promoters having several years of experience in the field of various type of Self Adhesive Industrial Tapes. The company is equipped with a "State of the Art" manufacturing facilities at its plants located near Delhi at Kharkhoda in Distt. Sonipat (Haryana), Bhiwandi (Mumbai) and Chennai with a combined spread over 50,000m² facility.

AIPL Quality Policy

1. AIPL is committed to meet the satisfaction of customer.
 2. Achieve leadership in all spheres of working.
 3. Create a positive working environment and strive for continuous growth and improvement.
- We shall achieve this through the following objectives and strategies:
 - Adoption of world class organizational and manufacturing practices and quality system standards.
 - Advanced Quality Planning to reduce errors and product development time.
 - Meeting customer expectations on quality, cost delivery and safety.
 - Continuous improvement of products, processes and systems.
 - Participating in high performance work culture recognizing innovation.
 - Regular need based training and development of people towards a culture of quality.
