7. **Rationale and Benefits of the Scheme:**

   The circumstances which justify and/or necessitate the proposed Scheme of Amalgamation of Ajit Industries West Private Limited with Ajit Industries Private Limited, and the benefits of the proposed amalgamation, as perceived by the respective Boards of Directors of the Companies for their shareholders and other stakeholders, are, inter alia, set out below:

   i. Background and Business Profile: Ajit Industries Private Limited ("AIPL" or the "Transferee Company"), the flagship company of the Group, is primarily engaged in the business of manufacturing, marketing and trading of pressure-sensitive self-adhesive industrial tapes and die-cuts, along with other related products. The Company is also engaged in the import and trading of hardware items. AIPL has established state-of-the-art manufacturing facilities located at Kharkhoda, District Sonipat in Haryana, Bhiwandi in Maharashtra and Chennai in Tamil Nadu. The Transferee Company is a closely held private company with a strong net worth exceeding INR 254 Crore, supported by established manufacturing infrastructure, sound financial resources, experienced management and a well-recognised market presence.

   Ajit Industries West Private Limited ("AIWPL"), a wholly owned subsidiary of Ajit Industries Private Limited ("AIPL"), was incorporated in 2022 with the objective of augmenting the Group's manufacturing and distribution capabilities in Gujarat, western India and facilitating export operations due to its proximity to major seaports. The Company is currently developing a modern, integrated manufacturing facility with advanced technology for the manufacture of a diverse range of products, including packing tapes and speciality industrial tapes, which is expected to substantially enhance the Group's manufacturing footprint in the region

   ii. Rationale for Group Consolidation: The proposed Scheme of Amalgamation forms part of a group consolidation and internal reorganisation exercise, undertaken with the objective of simplifying the corporate structure, consolidating assets and operations, and achieving greater administrative, operational and

financial efficiency. The amalgamation will enable the businesses and assets currently housed in multiple entities to be consolidated under a single corporate entity, thereby facilitating improved governance, oversight and optimal utilisation of resources.

iii. Operational and Financial Synergies: The proposed amalgamation is expected to generate several operational and financial synergies, including:

- improved operational flexibility and efficiency;
- more effective capital allocation and financial planning; and
- optimisation of administrative, compliance and management costs.

The consolidation of operations within the Transferee Company will also eliminate duplication of functions and facilitate streamlined decision-making.

iv. Enhanced Financial Strength and Scalability: Upon the Scheme becoming effective, the consolidated entity will benefit from the financial strength, balance-sheet capacity and execution capabilities of the Transferee Company, enabling the Group to undertake its business activities in a more efficient, scalable and cost-effective manner. The amalgamation will further enhance the ability of the consolidated entity to respond to emerging business opportunities, access funding, and optimise returns on assets.

v. Simplification of Corporate Structure: The Scheme will result in simplification of the corporate and ownership structure; and reduction in regulatory, compliance and administrative overheads associated with maintaining multiple group entities. Such simplification is expected to enhance transparency, governance standards and operational clarity within the Group.

vi. No Dilution or Change in Control: As the Transferor Company is a wholly owned subsidiary of the Transferee Company, the proposed amalgamation will not result in any dilution of shareholding, change in control, or alteration in the shareholding pattern of the Transferee Company.

vii. No Adverse Impact on Stakeholders: The proposed Scheme does not involve any corporate debt restructuring and does not adversely affect the rights or interests of the shareholders, creditors or employees of any of the Companies involved. The amalgamation represents a non-prejudicial intra-group reorganisation undertaken in the ordinary course of business.

viii. Overall Benefits of the Scheme: The proposed Scheme of Amalgamation is expected to result in:

- improved operational and financial efficiency;
- better utilisation of assets and resources;
- enhanced corporate governance and managerial focus;
- consolidation of group businesses and assets; and
- long-term value creation for shareholders and other stakeholders.

ix. Rationalisation of Capital Structure and Presentation of Reserves: In addition to the amalgamation proposed under this Scheme, the Scheme also provides for certain consequential and facilitative measures, including (i) cancellation of the existing 'Class B' Equity Share Capital of the Transferee Company and (ii) reclassification of the balance standing to the credit of the General Reserve of the Transferee Company to the Retained Earnings / Profit and Loss Account. These measures are proposed with a view to rationalising and simplifying the capital structure of the Transferee Company and presenting the accumulated profits of the Transferee Company in a more transparent and appropriate manner in its financial statements. The aforesaid actions are internal in nature, do not involve any payment to shareholders or any reduction of share capital, and do not adversely affect the rights or interests of any shareholder or creditor of the Transferee Company. All such actions form part of a single integrated arrangement embodied in this Scheme and are proposed to be implemented together in order to achieve the overall objectives of the Scheme.

In view of the above, the Boards of Directors of the Transferor Company and the Transferee Company have carefully considered the commercial, financial and operational implications of the proposed Scheme and are of the opinion that the Scheme is in the best interests of the Companies involved and their respective shareholders, creditors and other stakeholders.

The Boards are satisfied that the Scheme is fair and reasonable and that it will result in consolidation of the Group's operations, improved efficiency and long-term value creation for the stakeholders of the Companies.

8. Salient features of the Scheme of Amalgamation:

ii. 6,616 'Class B' Equity Shares of INR 10 each without voting rights aggregating to INR 66,160.

All the aforesaid equity shares are held by the promoters of the Transferee Company.

12.2 Considering that the 'Class B' Equity Shares represent a nominal portion of the share capital of the Transferee Company and in order to rationalise the capital structure of the Transferee Company pursuant to this Scheme, it is proposed that, upon the Scheme becoming Effective, the entire issued, subscribed and paid-up 'Class B' Equity Share Capital of the Transferee Company as on the Effective Date shall stand cancelled and extinguished, without any further act, instrument or deed.

It is expressly clarified that no consideration, whether in cash or otherwise, shall be paid by the Transferee Company to any holder of 'Class B' Equity Shares in respect of such cancellation.

12.3 It is further clarified that the aforesaid cancellation of the 'Class B' Equity Share Capital.

i. does not involve any diminution of liability in respect of unpaid share capital;

ii. does not involve any payment to any shareholder of any paid-up share capital; and

iii. shall not be construed as a buy-back of shares within the meaning of the Companies Act, 2013 or any other Applicable Law.

12.4 The proposed cancellation of the 'Class B' Equity Share Capital forms an integral part of this Scheme. Accordingly, the approval of this Scheme by the shareholders and creditors of the Transferee Company and its sanction by the Hon'ble National Company Law Tribunal under Sections 230 and 232 of the Companies Act, 2013 shall be deemed to constitute full and sufficient compliance with the provisions of Section 66 and other applicable provisions, and no separate procedure or approval shall be required.

12.5 It is further clarified that the aforesaid cancellation of the 'Class B' Equity Share Capital shall not adversely affect the interests of any creditor of the Transferee Company.

All the 'Class A' Equity Shares shall continue to enjoy full voting, dividend and other rights in terms of the Companies Act, 2013 and other applicable provisions, if any.

12.7 It is further clarified that all the holders of the 'Class A' Equity Shares and 'Class B' Equity Shares of the Transferee Company have approved the Scheme and have consented to the proposed cancellation of the 'Class B' Equity Share Capital. Accordingly, the proposed cancellation shall not be construed as a variation of shareholders' rights within the meaning of Section 48 of the Companies Act, 2013.

12.8 Upon this Scheme becoming effective, the entire issued, subscribed and paid-up share capital of the Transferor Company, whether held in dematerialised or physical form, shall stand cancelled and extinguished automatically, without any further act, instrument or deed. The shareholders of the Transferor Company shall not be required to surrender share certificates or take any action in respect of such shares, and all such shares shall cease to exist with effect

The approval of this Scheme by the shareholders and/or creditors of the Transferor Company and the Transferee Company, as applicable, and its sanction by the Hon'ble National Company Law Tribunal under Sections 230 and 232 of the Companies Act, 2013, shall be deemed to constitute full and sufficient compliance with the requirements of Section 66 of the Companies Act, 2013 and other applicable provisions relating to reduction of share capital arising from such cancellation.

It is clarified that such reduction does not involve any diminution of liability in respect of unpaid share capital and does not involve any payment to any shareholder of paid-up share capital. Accordingly, no separate resolution, petition or approval under Section 66 of the Companies Act, 2013 shall be required.

12.10 Upon this Scheme becoming effective, the entire authorised share capital of the Transferor Company shall be aggregated with and added to the authorised share capital of the Transferee Company as an integral part of this Scheme. Accordingly, with effect from the Effective Date, the authorised share capital of the Transferee Company shall stand increased to the extent of the aggregate authorised share capital of the Transferor Company as existing immediately prior to the Effective Date.

Pursuant to Section 232(3)(i) of the Companies Act, 2013, the fees already paid by the Transferor Company on the authorised share capital shall be set off against the fees payable by the Transferee Company on the corresponding increase in its authorised share capital, and the Transferee Company shall pay only the balance fees, if any.

12.11 Consequent upon the increase in authorised share capital and capital restructuring as aforesaid, Clause V (Capital Clause) of the Memorandum of Association and the relevant clause of the Articles of Association of the Transferee Company shall stand modified automatically, without any further act, instrument or deed, to reflect the revised authorised share capital. Accordingly, the existing Clause V of the Memorandum of Association of the Transferee Company shall be replaced with the following Clause V:

Scheme by the shareholders of the Companies and its sanction by the Hon'ble National Company Law Tribunal shall be deemed to constitute full and sufficient compliance with the provisions of Sections 13, 14, 61 and 64 and other applicable provisions of the Companies Act, 2013, and no separate resolution or compliance shall be required in this regard.

12.13 Save as otherwise expressly provided in this Scheme, the Transferee Company shall be entitled to increase, reclassify or otherwise modify its authorised share capital, to the extent necessary for the implementation of this Scheme. The approval of this Scheme by the shareholders of the Transferee Company and its sanction by the Hon'ble National Company Law Tribunal shall be deemed to constitute all necessary approvals under the Companies Act, 2013 for such actions, and no further consent or resolution shall be required.

The circumstances which justify and/or necessitate the proposed Scheme of Amalgamation of Ajit Industries West Private Limited with Ajit Industries Private Limited, and the benefits of the proposed amalgamation, as perceived by the respective Boards of Directors of the Companies for their shareholders and other stakeholders, are, *inter alia*, set out below:

i. Background and Business Profile: Ajit Industries Private Limited ("AIPL" or the "Transferee Company"), the flagship company of the Group, is primarily engaged in the business of manufacturing, marketing and trading of pressure-sensitive self-adhesive industrial tapes and die-cuts, along with other related products. The Company is also engaged in the import and trading of hardware items. AIPL has established state-of-the-art manufacturing facilities located at Kharkhoda, District Sonipat in Haryana, Bhiwandi in Maharashtra and Chennai in Tamil Nadu. The Transferee Company is a closely held private company with a strong net worth exceeding INR 254 Crore, supported by established manufacturing infrastructure, sound financial resources, experienced management and a well-recognised market presence.

Ajit Industries West Private Limited ("AIWPL"), a wholly owned subsidiary of Ajit Industries Private Limited ("AIPL"), was incorporated in 2022 with the objective of augmenting the Group's manufacturing and distribution capabilities in Gujarat, western India and facilitating export operations due to its proximity to major seaports. The Company is currently developing a modern, integrated manufacturing facility with advanced technology for the manufacture of a diverse range of products, including packing tapes and speciality industrial tapes, which is expected to substantially enhance the Group's manufacturing footprint in the region.

ii. Rationale for Group Consolidation: The proposed Scheme of Amalgamation forms part of a group consolidation and internal reorganisation exercise, undertaken with the objective of simplifying the corporate structure, consolidating assets and operations, and achieving greater administrative, operational and financial efficiency. The amalgamation will enable the businesses and assets currently housed in multiple entities to be consolidated under a single corporate entity, thereby facilitating improved governance, oversight and optimal utilisation of resources.

iii. Operational and Financial Synergies: The proposed amalgamation is expected to generate several operational and financial synergies, including:

- improved operational flexibility and efficiency;
- more effective capital allocation and financial planning; and
- optimisation of administrative, compliance and management costs.

The consolidation of operations within the Transferee Company will also eliminate duplication of functions and facilitate streamlined decision-making.

iv. Enhanced Financial Strength and Scalability: Upon the Scheme becoming effective, the consolidated entity will benefit from the financial strength, balance-sheet capacity and execution capabilities of the Transferee Company, enabling the Group to undertake its business activities in a more efficient, scalable and cost-effective manner. The amalgamation will further enhance the ability of the consolidated entity to respond to emerging business opportunities, access funding, and optimise returns on assets.

v. Simplification of Corporate Structure: The Scheme will result in simplification of the corporate and ownership structure; and reduction in regulatory, compliance and administrative overheads associated with maintaining multiple group entities. Such simplification is expected to enhance transparency, governance standards and operational clarity within the Group.

vi. No Dilution or Change in Control: As the Transferor Company is a wholly owned subsidiary of the Transferee Company, the proposed amalgamation will not result in any dilution of shareholding, change in control, or alteration in the shareholding pattern of the Transferee Company.

vii. No Adverse Impact on Stakeholders: The proposed Scheme does not involve any corporate debt restructuring and does not adversely affect the rights or interests of the shareholders, creditors or employees of any of the Companies involved. The amalgamation represents a non-prejudicial intra-group reorganisation undertaken in the ordinary course of business.

viii. Overall Benefits of the Scheme: The proposed Scheme of Amalgamation is expected to result in:

- improved operational and financial efficiency;
- better utilisation of assets and resources;
- enhanced corporate governance and managerial focus;
- consolidation of group businesses and assets; and
- long-term value creation for shareholders and other stakeholders.

ix. Rationalisation of Capital Structure and Presentation of Reserves: In addition to the amalgamation proposed under this Scheme, the Scheme also provides for certain consequential and facilitative measures, including (i) cancellation of the existing 'Class B' Equity Share Capital of the Transferee Company and (ii) reclassification of the balance standing to the credit of the General Reserve of the Transferee

Company to the Retained Earnings / Profit and Loss Account. These measures are proposed with a view to rationalising and simplifying the capital structure of the Transferee Company and presenting the accumulated profits of the Transferee Company in a more transparent and appropriate manner in its financial statements. The aforesaid actions are internal in nature, do not involve any payment to shareholders or any reduction of share capital, and do not adversely affect the rights or interests of any shareholder or creditor of the Transferee Company. All such actions form part of a single integrated arrangement embodied in this Scheme and are proposed to be implemented together in order to achieve the overall objectives of the Scheme.

In view of the above, the Boards of Directors of the Transferor Company and the Transferee Company have carefully considered the commercial, financial and operational implications of the proposed Scheme and are of the opinion that the Scheme is in the best interests of the Companies involved and their respective shareholders, creditors and other stakeholders.

The Boards are satisfied that the Scheme is fair and reasonable and that it will result in consolidation of the Group's operations, improved efficiency and long-term value creation for the stakeholders of the Companies.

All such contracts, deeds, bonds, agreements, arrangements, understandings and instruments shall be enforceable by or against the Transferee Company as fully and effectively as if, instead of the Transferor Company, the Transferee Company had been a party thereto, beneficiary thereunder or obligee thereto.

5.2 Without prejudice to the other provisions of this Scheme, and notwithstanding that the transfer and vesting of the Undertaking occurs by virtue of this Scheme itself, the Transferee Company may, at any time after this Scheme becomes effective, if so required under any Applicable Law or otherwise, take such actions and execute such deeds, documents or writings, including deeds of adherence, confirmations, novation agreements or other arrangements, with any party to any contract or arrangement to which the Transferor Company were a party, as may be necessary or desirable to formally give effect to the provisions of this Scheme. For this purpose, the Transferee Company shall be deemed to be authorised to execute all such deeds, documents and writings on behalf of the Transferor Company and to carry out or perform all such acts, deeds, matters and compliances as may be required for giving effect to this Scheme.

6. LEGAL PROCEEDINGS

Upon this Scheme becoming effective, all suits, appeals, petitions or other legal proceedings, including judicial, quasi-judicial, arbitral or administrative proceedings of whatsoever nature, by or against the Transferor Company, and pending as on the Effective Date, shall not abate, lapse, be discontinued or be in any manner prejudicially affected by reason of the Amalgamation, the transfer and vesting of the Undertaking, or anything contained in this Scheme. All such proceedings shall be continued, prosecuted, defended and enforced by or against the Transferee Company, in the same manner and to the same extent as such proceedings would have been continued, prosecuted, defended or enforced by or

against the Transferor Company, as if this Scheme had not been implemented.

The Transferee Company shall be substituted in place of the Transferor Company in all such proceedings, and any procedural or ministerial act required for effecting such substitution shall not affect the validity, continuity or enforceability of such proceedings.

7. SAVING OF CONCLUDED TRANSACTIONS

The transfer and vesting of the Undertaking in the Transferee Company pursuant to this Scheme, and the continuation of proceedings by or against the Transferee Company, shall not affect, invalidate, set aside or otherwise impair any transactions, contracts, arrangements, acts, deeds, matters or proceedings which were lawfully concluded or completed by the Transferor Company prior to the Effective Date. Accordingly, the Transferee Company accepts, adopts, ratifies and confirms all such transactions, acts, deeds, matters and things lawfully done or executed by or on behalf of the Transferor Company prior to the Effective Date, and the same shall be deemed to have been done or executed by or on behalf of the Transferee Company, with the same force, validity and effect as if originally undertaken by the Transferee Company.

8. DISSOLUTION OF TRANSFEROR COMPANY

8.1 Upon this Scheme becoming effective and pursuant to the provisions of Sections 230 and 232 of the Companies Act, 2013, the Transferor Company shall, without undergoing the process of winding up, stand dissolved automatically, without any further act, instrument or deed.

8.2 Consequent upon such dissolution, the Boards of Directors of the Transferor Company shall stand dissolved and cease to exist automatically, and no separate resolution, filing or further action shall be required in this regard.

9. STAFF, WORKMEN AND EMPLOYEES

9.1 Upon this Scheme becoming effective, all staff, workmen and employees of the Transferor Company who are in service as on the Effective Date shall, without any further act or deed, become and be deemed to have become the staff, workmen and employees of the Transferee Company, with effect from the Effective Date. Such transfer shall be without any break or interruption in service, shall be deemed to be on the basis of continuity of service, and shall be on terms and conditions of employment not less favourable than those applicable to such employees immediately prior to the Effective Date.

9.2 With effect from the Effective Date, all provident fund, gratuity fund, superannuation fund, employees' state insurance contributions, and all other employee benefit funds, trusts, schemes or arrangements, whether statutory or contractual, established or maintained by the Transferor Company for the benefit of their employees, shall:

i. continue on the same terms and conditions; or

ii. stand transferred to and merged with the corresponding funds, trusts or schemes of the Transferee Company; or

iii. be continued under such new or existing arrangements as may be adopted or established by the Transferee Company,

in each case, in compliance with Applicable Law.

Upon such continuation, transfer or merger, the Transferee Company shall stand substituted in place of the Transferor Company for all purposes relating to the administration, operation, management and funding of such funds, trusts or schemes, including the obligation to make contributions thereto.

It is hereby clarified that all rights, duties, powers and obligations of the Transferor Company in relation to such employee benefit funds, trusts or schemes shall become those of the Transferee Company, and that the services of the employees shall be treated as continuous for all purposes, including for determining eligibility and benefits under such funds, trusts or schemes.

9.3 Pending the formal transfer, merger or substitution of the aforesaid employee benefit funds, the provident fund, gratuity fund, superannuation fund and other statutory contributions in respect of the employees of the Transferor Company shall continue to be deposited and complied with in the existing accounts of the Transferor Company, in accordance with Applicable Law.

10. CONDUCT OF BUSINESS BY TRANSFEROR COMPANY

From the Appointed Date until the Effective Date:

10.1 With effect from the Appointed Date, the Transferor Company shall be deemed to hold and stand possessed of all their assets and properties in trust for the Transferee Company. Accordingly, any asset or property acquired by the Transferor Company on or after the Appointed Date shall be deemed to have been acquired for and on behalf of the Transferee Company and shall vest in the Transferee Company.

10.2 The Transferor Company shall be deemed to have carried on their respective businesses and activities for and on behalf of, and for the benefit and account of, the Transferee Company.

10.3 All income, profits or gains accruing to the Transferor Company, and all costs, charges, expenses or losses arising or incurred by them, on or after the Appointed Date, shall, for all purposes, be deemed to be the income, profits, costs, charges, expenses or losses, as the case may be, of the Transferee Company.

10.4 Any rights, powers, authorities or privileges exercised by the Transferor Company during the aforesaid period shall be deemed to have been exercised for and on behalf of, and in trust for, the Transferee Company. Likewise, any obligations, duties or commitments undertaken or discharged by the Transferor Company

shall be deemed to have been undertaken or discharged for and on behalf of the Transferee Company.

10.5 All debts, liabilities, loans raised and utilised, duties and obligations which arise, accrue or are incurred by the Transferor Company on or after the Appointed Date shall be deemed to be the debts, liabilities, duties and obligations of the Transferee Company.

10.6 During the period from the Appointed Date until the Effective Date, the Transferor Company shall not, without the prior written consent of the Board of Directors of the Transferee Company, or except pursuant to any pre-existing obligation or in the ordinary course of business, sell, transfer, alienate, charge, mortgage, encumber or otherwise deal with or dispose of the whole or any part of their undertaking.

11. CONSIDERATION FOR AMALGAMATION

In view of the fact that the Transferor Company is a wholly owned subsidiary of the Transferee Company, no equity shares or other securities shall be issued or allotted by the Transferee Company pursuant to this Scheme of Amalgamation. Accordingly, the amalgamation of the Transferor Company with the Transferee Company shall be effected without any consideration, and there shall be no change in the issued, subscribed or paid-up share capital or shareholding pattern of the Transferee Company.

Consequently, the determination of any share exchange ratio or valuation of the shares of the Transferor Company is not required for the purposes of this Scheme.

12. CAPITAL RESTRUCTURING AND RELATED MATTERS

Upon this Scheme becoming effective, the following capital restructuring and related matters shall be carried out as an integral part of this Scheme and in accordance with Sections 230 and 232 and other applicable provisions of the Companies Act, 2013.

12.1 The Transferee Company is a closely held unlisted private limited company. The issued, subscribed and paid-up share capital of the Transferee Company presently comprises:

i. 13,64,000 'Class A' Equity Shares of INR 10 each having equal voting rights aggregating to INR 1,36,40,000; and

ii. 6,616 'Class B' Equity Shares of INR 10 each without voting rights aggregating to INR 66,160.

All the aforesaid equity shares are held by the promoters of the Transferee Company.

12.2 Considering that the 'Class B' Equity Shares represent a nominal portion of the share capital of the Transferee Company and in order to rationalise the capital structure of the Transferee Company pursuant to this Scheme, it is proposed that, upon the Scheme becoming Effective, the entire issued, subscribed and paid-up 'Class

B' Equity Share Capital of the Transferee Company as on the Effective Date shall stand cancelled and extinguished, without any further act, instrument or deed.

It is expressly clarified that no consideration, whether in cash or otherwise, shall be paid by the Transferee Company to any holder of 'Class B' Equity Shares in respect of such cancellation.

12.3 It is further clarified that the aforesaid cancellation of the 'Class B' Equity Share Capital:

i. does not involve any diminution of liability in respect of unpaid share capital;

ii. does not involve any payment to any shareholder of any paid-up share capital; and

iii. shall not be construed as a buy-back of shares within the meaning of the Companies Act, 2013 or any other Applicable Law.

12.4 The proposed cancellation of the 'Class B' Equity Share Capital forms an integral part of this Scheme. Accordingly, the approval of this Scheme by the shareholders and creditors of the Transferee Company and its sanction by the Hon'ble National Company Law Tribunal under Sections 230 and 232 of the Companies Act, 2013 shall be deemed to constitute full and sufficient compliance with the provisions of Section 66 and other applicable provisions, and no separate procedure or approval shall be required.

12.5 It is further clarified that the aforesaid cancellation of the 'Class B' Equity Share Capital shall not adversely affect the interests of any creditor of the Transferee Company.

12.6 Upon the Scheme becoming Effective and consequent cancellation of the 'Class B' Equity Share Capital, the existing 'Class A' Equity Shares of the Transferee Company shall stand re-designated as Equity Shares and the words "Class A" shall stand deleted from the designation without any further act or deed. It is clarified that there shall be no change in the terms and conditions of 'Class A' Equity Shares except the change in nomenclature. All the 'Class A' Equity Shares shall continue to enjoy full voting, dividend and other rights in terms of the Companies Act, 2013 and other applicable provisions, if any.

12.7 It is further clarified that all the holders of the 'Class A' Equity Shares and 'Class B' Equity Shares of the Transferee Company have approved the Scheme and have consented to the proposed cancellation of the 'Class B' Equity Share Capital. Accordingly, the proposed cancellation shall not be construed as a variation of shareholders' rights within the meaning of Section 48 of the Companies Act, 2013.

12.8 Upon this Scheme becoming effective, the entire issued, subscribed and paid-up share capital of the Transferor Company, whether held in dematerialised or physical form, shall stand cancelled and extinguished automatically, without any further act, instrument or

deed. The shareholders of the Transferor Company shall not be required to surrender share certificates or take any action in respect of such shares, and all such shares shall cease to exist with effect from the Effective Date, it being clarified that the Transferor Company is a wholly owned subsidiary of the Transferee Company and therefore no consideration is payable."

12.9 Any cross-holdings of shares, as on the Record Date, between the Transferor Company and the Transferee Company shall stand cancelled automatically upon this Scheme becoming effective.

The approval of this Scheme by the shareholders and/or creditors of the Transferor Company and the Transferee Company, as applicable, and its sanction by the Hon'ble National Company Law Tribunal under Sections 230 and 232 of the Companies Act, 2013, shall be deemed to constitute full and sufficient compliance with the requirements of Section 66 of the Companies Act, 2013 and other applicable provisions relating to reduction of share capital arising from such cancellation.

It is clarified that such reduction does not involve any diminution of liability in respect of unpaid share capital and does not involve any payment to any shareholder of paid-up share capital. Accordingly, no separate resolution, petition or approval under Section 66 of the Companies Act, 2013 shall be required.

12.10 Upon this Scheme becoming effective, the entire authorised share capital of the Transferor Company shall be aggregated with and added to the authorised share capital of the Transferee Company as an integral part of this Scheme. Accordingly, with effect from the Effective Date, the authorised share capital of the Transferee Company shall stand increased to the extent of the aggregate authorised share capital of the Transferor Company as existing immediately prior to the Effective Date.

Pursuant to Section 232(3)(i) of the Companies Act, 2013, the fees already paid by the Transferor Company on the authorised share capital shall be set off against the fees payable by the Transferee Company on the corresponding increase in its authorised share capital, and the Transferee Company shall pay only the balance fees, if any.

12.11 Consequent upon the increase in authorised share capital and capital restructuring as aforesaid, Clause V (Capital Clause) of the Memorandum of Association and the relevant clause of the Articles of Association of the Transferee Company shall stand modified automatically, without any further act, instrument or deed, to reflect the revised authorised share capital. Accordingly, the existing Clause V of the Memorandum of Association of the Transferee Company shall be replaced with the following Clause V:

Clause V: The Authorized Share Capital of the Company is Rs. 7,55,00,000/- (Rupees Seven Crore Fifty-Five Lakhs only) divided into 75,50,000 Equity Shares of face value Rs. 10/- (Rupees Ten Only) each.

12.12 It is clarified that the aforesaid increase in authorised share capital and consequent amendment to the Memorandum of Association and Articles of Association of the Transferee Company are being effected as an integral part of this Scheme. Accordingly, the approval of this Scheme by the shareholders of the Companies and its sanction by the Hon'ble National Company Law Tribunal shall be deemed to constitute full and sufficient compliance with the provisions of Sections 13, 14, 61 and 64 and other applicable provisions of the Companies Act, 2013, and no separate resolution or compliance shall be required in this regard.

12.13 Save as otherwise expressly provided in this Scheme, the Transferee Company shall be entitled to increase, reclassify or otherwise modify its authorised share capital, to the extent necessary for the implementation of this Scheme. The approval of this Scheme by the shareholders of the Transferee Company and its sanction by the Hon'ble National Company Law Tribunal shall be deemed to constitute all necessary approvals under the Companies Act, 2013 for such actions, and no further consent or resolution shall be required.

13. RECLASSIFICATION OF GENERAL RESERVE

13.1 The Transferee Company is a profit-making company and has, over the years, accumulated reserves out of its retained earnings by way of transfer of profits to the General Reserve in accordance with applicable law. As per the latest Audited Financial Statements for the year ended 31st March, 2025, a sum of INR 33,38,30,654 (Indian Rupees thirty three crore thirty eight lakh thirty thousand six hundred and fifty four only) stands to the credit of the General Reserve of the Transferee Company, which has been primarily built up through the transfer of profits to such reserve over the years.

13.2 In order to present the accumulated profits of the Transferee Company in a more transparent and appropriate manner in its financial statements, it is proposed that the balance standing to the credit of the General Reserve be reclassified. Accordingly, upon this Scheme becoming effective and with effect from the Appointed Date, the entire amount of INR 33,38,30,654 (Indian Rupees thirty three crore thirty eight lakh thirty thousand six hundred and fifty four only) standing to the credit of the General Reserve of the Transferee Company shall be reclassified and transferred to the Retained Earnings / Profit and Loss Account of the Transferee Company. Upon such reclassification, the said amount shall form part of the accumulated profits of the Transferee Company representing profits of the previous financial years remaining undistributed after providing for depreciation in accordance with the provisions of the Companies Act, 2013 and other applicable laws.

13.3 It is clarified that the above reclassification constitutes only an internal reclassification within the shareholders' funds of the Transferee Company and does not involve any reduction of share capital of the Transferee Company. Accordingly, the provisions of Section 66 of the Companies Act, 2013 relating to reduction of share capital shall not apply to the reclassification contemplated under this Clause.

13.4 The approval of this Scheme by the Hon'ble National Company Law Tribunal under the provisions of Sections 230 and 232 and other applicable provisions of the Companies Act, 2013 shall be deemed to constitute the necessary sanction for the reclassification of the General Reserve in the manner set out herein, and no separate procedure or compliance under Section 66 or any other provision of the Act shall be required.

13.5 It is further clarified that the above reclassification shall not affect the issued, subscribed and paid-up share capital of the Transferee Company and shall not impact the Capital Reserves of the Transferee Company in any manner.

14. ACCOUNTING TREATMENT FOR AMALGAMATION

14.1 Upon this Scheme becoming effective, the amalgamation of the Transferor Company with the Transferee Company, together with the rationalisation of the share capital structure and reclassification of reserves of the Transferee Company as provided in this Scheme and all matters incidental or ancillary thereto, shall be accounted for in accordance with the provisions of the Companies Act, 2013, the Indian Accounting Standards notified under Section 133 of the Companies Act, 2013 (including Ind AS 103 – Business Combinations), and other accounting principles generally accepted in India ("GAAP"), as may be applicable.

14.2 Accordingly, upon this Scheme becoming effective, the Transferee Company shall account for the amalgamation in its books of account by applying the "Pooling of Interests Method", as prescribed under Appendix C of Ind AS 103 (Business Combinations), read with other applicable Indian Accounting Standards and GAAP.

14.3 In terms of Appendix C of Ind AS 103, the Pooling of Interests Method, inter alia, entails the following:

i. The assets and liabilities of the Transferor Company shall be recorded by the Transferee Company at their respective carrying amounts as appearing in the books of the Transferor Company.

ii. No adjustments shall be made to reflect fair values or to recognise any new assets or liabilities, except for adjustments required to harmonise accounting policies.

iii. The financial statements of the Transferee Company shall be restated in accordance with Appendix C of Ind AS 103 so as to reflect the financial information as if the amalgamation had occurred from the beginning of the earliest period presented, unless otherwise required under applicable accounting standards.

iv. The balances of retained earnings appearing in the financial statements of the Transferor Company shall be aggregated with the corresponding balances of the Transferee Company; and

v. The identity of reserves of the Transferor Company shall be preserved and reflected in the financial statements of the Transferee Company in the same form as they appeared in the

books of the Transferor Company. Reserves available for distribution as dividends prior to the amalgamation shall continue to be available for distribution thereafter.

14.4 Without prejudice to the generality of the foregoing, the following accounting treatment shall be given effect to in the books of the Transferee Company:

14.4.1 All assets and liabilities of the Transferor Company shall stand transferred to and vested in the Transferee Company pursuant to this Scheme and shall be recorded at their respective carrying values as appearing in the books of the Transferor Company as on the Appointed Date.

14.4.2 All inter-corporate balances, including loans, advances, payables, receivables and other inter-company balances between the Transferor Company and the Transferee Company, if any, shall stand cancelled, and corresponding effect shall be given in the books of the Transferee Company. Any cross-holdings of shares, if any, shall also stand cancelled.

14.4.3 All reserves of the Transferor Company, under whatever name called, shall, subject to applicable Indian Accounting Standards, become the corresponding reserves of the Transferee Company, and the balances in the Statement of Profit and Loss of the Transferor Company shall be aggregated with those of the Transferee Company.

14.4.4 Since the Transferor Company is a wholly owned subsidiary of the Transferee Company, no equity shares or other securities shall be issued or allotted by the Transferee Company pursuant to this Scheme.

14.4.5 Any difference arising pursuant to the amalgamation, including on account of cancellation of cross-holdings or inter-company balances, shall be adjusted in Capital Reserve in the books of the Transferee Company.

14.4.6 Any differences in accounting policies between the Transferor Company and the Transferee Company shall be harmonised in accordance with the applicable Indian Accounting Standards so as to ensure consistency in the financial statements of the Transferee Company.

14.5 The amount paid-up on the 'Class B' Equity Shares of the Transferee Company, upon cancellation of such shares in terms of this Scheme, shall be credited to Capital Reserve in the books of the Transferee Company.

14.6 Notwithstanding anything contained herein, the Board of Directors of the Transferee Company, in consultation with its Statutory Auditors, shall be entitled to finalise and give effect to such accounting treatment as may be required to ensure compliance with Section 133 of the Companies Act, 2013, the applicable Indian Accounting Standards, GAAP and other applicable provisions of law.

14.7 It is clarified that upon this Scheme becoming effective, the Transferor Company shall stand dissolved without winding up, and accordingly, no accounting treatment is required to be prescribed in the books of the Transferor Company.

14.8 It is clarified that the accounting treatment prescribed herein is in conformity with the applicable Indian Accounting Standards notified under Section 133 of the Companies Act, 2013, and the same has been reviewed and recommended by the Statutory Auditors of the Transferee Company.

15. STEPS FOR EFFECTIVE IMPLEMENTATION OF THE SCHEME

15.1 Upon this Scheme becoming effective, the Transferee Company, and where relevant, the Transferor Company, shall take all necessary, incidental and consequential actions to ensure the smooth, seamless and uninterrupted transfer, vesting and continuation of the undertakings and businesses of the Transferor Company into the Transferee Company, and to give full effect to this Scheme in letter and spirit.

15.4 Any delay, omission or failure by any customer, Government authority, statutory body, regulator or third party in effecting or recording such substitution or updation shall not:

i. affect the validity, enforceability or implementation of this Scheme;

ii. prejudice or impair the rights, obligations or entitlements of the Transferee Company; or

iii. be construed as any breach, default or non-compliance by the Transferee Company under this Scheme, any contract or Applicable Law.

All authorities and persons concerned shall, upon filing of the certified copy of the order of the Hon'ble National Company Law Tribunal sanctioning this Scheme, take the same on record and give effect to the provisions of this Scheme in accordance with applicable law.

16. COMPLIANCE WITH INCOME TAX ACT

iv. Amalgamation of the Transferor Company and transfer of Undertaking with and into the Transferee Company shall be on a going concern basis.

16.3 It is hereby clarified that if at any time any provision of this Scheme relating to the Amalgamation is found, construed or interpreted to be inconsistent with the requirements of Section 2(1B) of the Income-tax Act, 1961, whether due to any amendment, re-enactment, substitution or introduction of new legislation, or on account of any judicial pronouncement, circular, notification or administrative interpretation, the provisions of Section 2(1B) of the Income-tax Act, 1961, or the corresponding provisions of any amended or newly enacted law, shall prevail. To the extent necessary to ensure compliance with such provisions, this Scheme shall be deemed to stand modified automatically, without the requirement of any further act, approval or sanction. Such modification shall be limited solely to the extent required for compliance and shall not affect, impair or invalidate the remaining provisions of this Scheme, which shall continue to remain in full force and effect.

The Board of Directors of the Transferee Company is hereby expressly authorised to carry out, implement and give effect to such modifications, amendments or adjustments, as may be necessary to ensure compliance with the aforesaid provisions, in a manner consistent with the intent and objectives of this Scheme and in the best interests of the Companies and their shareholders.

17. NO COMPROMISE WITH CREDITORS

Notwithstanding anything contained in this Scheme, it is clarified and confirmed that the Scheme does not envisage any corporate debt restructuring, nor does it provide for any restructuring, rescheduling or variation of the rights or obligations of any secured or unsecured creditor of any of the Companies to the Scheme. The proposed Scheme is not prejudicial to the interests of any creditor, and the post-Scheme assets of the Transferee Company shall be adequate and sufficient to discharge all liabilities in the ordinary course of business.

18. NO ADVERSE IMPACT ON STAKEHOLDERS

The Boards of Directors of the Transferor Company and the Transferee Company, after due consideration, confirm that this Scheme is fair, reasonable and in the best interests of the Companies, their shareholders, creditors, employees and all other stakeholders, and that the implementation of this Scheme shall not be prejudicial to the interests of any shareholder, creditor, employee or the public at large.

19. APPLICATION/PETITION TO THE NATIONAL COMPANY LAW TRIBUNAL AND OTHER APPROPRIATE AUTHORITIES

20. MODIFICATIONS/AMENDMENTS TO THE SCHEME

20.1 The Transferor Company and the Transferee Company, acting through their respective Boards of Directors, shall be entitled, on behalf of all persons concerned, to make, consent to or approve, from time to time, any modifications, amendments or variations to this Scheme, or to accept any conditions, limitations or directions that may be approved, imposed or directed by the Hon'ble National Company Law Tribunal or any other Appropriate Authority, or which may otherwise be considered necessary, expedient, desirable or appropriate for the purpose of giving effect to this Scheme.

20.2 For the purpose of implementing this Scheme or any modification or amendment thereto, the Board of Directors of the Transferee Company shall be authorised to issue such directions, pass such

resolutions and take such actions, including for resolving any questions, doubts or difficulties that may arise in relation to the implementation of this Scheme, and any such decision or direction shall be final and binding on all concerned parties, as if the same were specifically incorporated in this Scheme.

20.3 Without prejudice to the foregoing, in the event of any difficulty, doubt or impediment arising in connection with the implementation, operation or enforcement of this Scheme, the Board of Directors of the Transferee Company shall have the full power and authority to take such steps, actions or measures as may be necessary, expedient or desirable to resolve such difficulty or to otherwise give effect to the intent and provisions of this Scheme, subject to compliance with Applicable Law(s).

21. SEVERABILITY

If any provision or part of this Scheme is held to be invalid, illegal, unenforceable or unworkable by any court, tribunal or other authority of competent jurisdiction, whether under present or future law, such provision or part thereof shall be severable from the remainder of the Scheme and the remaining provisions of the Scheme shall continue to be valid, binding and enforceable, so far as the Scheme is not thereby rendered materially adverse to any of the Companies to the Scheme.

Provided that, if the deletion or modification of such provision or part thereof results in the Scheme becoming materially adverse to any Company, then, subject to the approval of the respective Boards of Directors and such other approvals as may be required, the Companies shall endeavour to modify or amend the Scheme in such manner as may be necessary to best give effect to the intent, benefits and obligations of the Scheme, as originally contemplated.

This Scheme is and shall be conditional upon and subject to the fulfilment of the following conditions:

i. approval of the Boards of Directors of the Transferor Company and the Transferee Company;

8. Valuation Approach, Assumptions, and Methodologies

8.1 General Principles of Valuation

There are several recognized methods for the valuation of shares. As established through various judicial precedents, valuation is a technical exercise requiring professional judgment, expertise, and experience. Accordingly, differences in valuation conclusions may arise depending on the methodology adopted, assumptions applied, and facts considered.

The existence of alternative valuation approaches or differing conclusions does not, by itself, render a particular valuation inappropriate or unfair, provided it is carried out using reasonable assumptions and accepted principles.

8.2 Approach and Methodology as per Valuation Standards

A. Overview of Valuation Approaches

In accordance with the International Valuation Standards (IVS), consideration must be given to all relevant valuation approaches. The selection of an appropriate approach (or combination of approaches) depends on the nature of the asset, availability of data, and the purpose of the valuation.

The three generally accepted valuation approaches are:

i. Market Approach
ii. Income Approach
iii. Cost Approach.

Each of the above approaches comprises various methods, and the selection of a particular method is based on its suitability in the given circumstances.

B. Valuation Approaches and Methods

I. Market Approach

The Market Approach determines value by comparing the subject asset with identical or comparable assets for which price information is available.

(a) **Comparable Transactions Method:** This method involves analyzing transactions of similar assets to derive an indication of value. Where such transactions relate directly to the subject asset, it may also be referred to as the prior transaction method. In the absence of sufficient transaction data, listings or offers for similar assets may also be considered, subject to appropriate adjustments.

(b) **Guideline Publicly Traded Comparable Method:** This method uses valuation multiples derived from publicly traded companies that are comparable to the subject asset. It benefits from availability of market data, transparency, and standardized financial disclosures. However, it is applicable only where a reasonable degree of comparability exists.

(c) **Market Price Method:** In the case of listed entities, observable market prices on recognized stock exchanges may be used as an indicator of value, typically based on average trading prices over a reasonable period.

II. Income Approach

The Income Approach determines value based on the present value of expected future economic benefits.

MALLIKA GOEL DELHI RV Registration No. IBBI/RV/11/2022/14784 SECURITIES OR FINANCIAL ASSETS REGISTERED VALUER

(a) **Discounted Cash Flow (DCF) Method:** Under this method, projected future cash flows are discounted to their present value using an appropriate discount rate. A terminal value may also be considered to reflect the value beyond the explicit forecast period.

(b) **Profit Earning Capacity Value (PECV) Method:** This method estimates value based on the capitalization of maintainable profits, considering factors such as historical performance, expected growth, applicable tax rates, and required rate of return.

III. Cost Approach

The cost approach provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved. The approach provides an indication of value by calculating the current replacement or reproduction cost of an asset and making deductions for physical deterioration and all other relevant forms of obsolescence.

The cost approach should be applied and afforded significant weight under the following circumstances:

(a) Participants would be able to recreate an asset with substantially the same utility as the subject asset, without regulatory or legal restrictions, and the asset could be recreated quickly enough that a participant would not be willing to pay a significant premium for the ability to use the subject asset immediately;

(b) The asset is not directly income-generating and the unique nature of the asset makes using an income approach or market approach unfeasible; and/or,

(c) The basis of value being used is fundamentally based on replacement cost, such as replacement value.

Broadly, there are three cost approach methods:

(a) Replacement cost method: a method that indicates value by calculating the cost of a similar asset offering equivalent utility

(b) Reproduction cost method: a method under the cost that indicates value by calculating the cost to recreate a replica of an asset

(c) Summation method: a method that calculates the value of an asset by the addition of the separate values of its component parts.

C. No single valuation method is universally applicable. The selection of the most appropriate approach and method is based on, inter alia:

i. The appropriate basis(es) of value and premise(s) of value, determined by the terms and purpose of the valuation assignment;

ii. The respective strengths and weaknesses of the possible valuation approaches and methods;

iii. The appropriateness of each method in view of the nature of the asset, and the approaches or methods used by participants in the relevant market; and

iv. The availability of reliable information.

D. A valuer is not mandatorily required to apply more than one valuation method, particularly where there exists a high degree of confidence in the reliability and appropriateness of a single method, considering the facts and circumstances of the engagement. However, the valuer should evaluate the applicability of multiple approaches and methods, especially in cases where reliance on a single method may not yield a sufficiently reliable conclusion due to lack of adequate or observable inputs.

Where multiple approaches or methods are adopted, the valuer is required to analyze and reconcile the values derived therefrom to arrive at a single, reasoned conclusion. Such reconciliation should be based on professional judgment and not by way of a simple arithmetic average, and the basis of such reconciliation should be appropriately documented.

E. While the valuation standards discuss certain commonly used methods under the Cost, Market, and Income Approaches, they do not purport to provide an exhaustive list of all possible methodologies. It is the responsibility of the valuer to select the most appropriate method(s) based on the specific facts and circumstances of each engagement. In certain cases, compliance with the International Valuation Standards (IVS) may require the adoption of methods not expressly defined therein.

8.3 Valuation in Case of Amalgamation

In transactions such as mergers and amalgamations, the consideration is typically discharged through the issuance of equity shares by the transferee entity, determined based on a share exchange ratio reflecting the relative valuation of the combining entities.

Such relative valuation is generally determined by applying appropriate valuation approaches and methodologies, either individually or in combination. Where multiple approaches or methods are used, suitable weightages may be assigned to arrive at a single value. Typically, consistent approaches and methodologies are applied across the entities to ensure comparability; however, in certain circumstances, the use of different methods may be justified depending on the nature of the entities involved (for instance, in case of listed versus unlisted entities).

The selection of the valuation basis and methodology is guided by the purpose of the engagement, the nature of the transaction, and the specific terms of the Scheme.

8.4 It has been represented that the entire issued and paid-up equity share capital of the Transferor Company is held by the Transferee Company, thereby making the Transferor Company a wholly owned subsidiary of the Transferee Company.

Accordingly, upon the amalgamation becoming effective, no shares would be required to be issued by the Transferee Company to the shareholders of the Transferor Company.

8.5 The management of the Companies has represented that there shall be no change in the shareholding pattern of the Transferor Company prior to the Scheme becoming effective, and that the Transferor Company shall continue to remain a wholly owned subsidiary of the Transferee Company up to the effective date of the Scheme, as approved by the competent authority.

9. Conclusion

In view of the fact that the Transferor Company is a wholly owned subsidiary of the Transferee Company, and upon the Scheme becoming effective, the Transferee Company would continue to hold 100% interest in the Transferor Company, no consideration by way of issue of shares arises under the Proposed Scheme.

Accordingly, no shares are required to be issued by the Transferee Company pursuant to the Scheme.

In light of the above, I am of the considered view that a separate valuation of shares of the Companies is not required, and consequently, no share exchange ratio is required to be determined or recommended for the purposes of the Proposed Scheme.

Thanking you,

Mallika Goel

Independent Auditor's Report

To the Members of Ajit Industries West Private Limited

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **Ajit Industries West Private Limited** ("the Company"), which comprise the balance sheet as at 31st March 2026, and the statement of profit and loss, and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 38 to the financial statements, which states that the net worth of the Company has been fully eroded as at 31st March, 2026, primarily due to accumulated losses arising from under-utilisation of installed capacity and fixed assets, as the Company is not operating at its full operational capacity. During the year, the holding company infused equity of ₹ 500 lakh into the Company. Further, the Board of Directors, vide resolution dated 5th March, 2026, approved a proposal for merger/amalgamation of the Company with its holding company, subject to the requisite approvals. Based on the aforesaid circumstances and the continued support of the holding company, the management has considered it appropriate to prepare the financial statements on a going-concern basis.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon. The above-referred information is expected to be made available to us after the date of this audit report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Director's report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from

R. OPRA & ASSOCIATES ★ CHARTERED ACCOUNTANTS ★ NEW DELHI

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning Of Internal Financial Controls with Reference to Financial Statements Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: -

1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Deferred tax charge or benefit reflects the tax effects of timing differences between accounting income and taxable income for the year. The deferred tax charge or benefit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognised only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed at each balance sheet date and written-down or written-up to reflect the amount that is reasonably/virtually certain to be realized.

k) Earnings per share
Basic earnings per share are computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share are computed using the weighted average number of equity and dilutive potential equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

l) Contingent Liabilities and Provisions

Provisions involving substantial degree of estimation in measurement are recognized when there is present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the Notes to the financial statements and notes thereto. Contingent Assets are neither recognized nor disclosed in the financial statements.

m) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

n) Operating Cycle:-

Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

All assets and liabilities are classified into current and non current
An asset is classified as current when it satisfies any of following criteria:
i. it is expected to be realised in, or is intended for sale in the Company's normal operating cycle;
ii. it is expected to be realised within 12 months after the reporting date; or
iii. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for atleast 12 months after the reporting date.

Current assets include the current portion of noncurrent financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:
i. it is expected to be settled in the Company's normal operating cycle;
ii. it is held primarily for the purpose of being traded;
iii. it is due to be settled within 12 months after the reporting date; or
iv. the Company does not have an unconditional right to defer settlement of the liability for atleast 12 months after the reporting date.

Current liabilities include the current portion of non current financial liabilities. All other liabilities are classified as non-current.

o) Employment Linked Incentive scheme

The Company is entitled to receive incentives from the Employees' Provident Fund Organization (EPFO) under the Pradhan Mantri Viksit Bharat Rozgar Yojana (PMVBRY) towards the employer's share of provident fund contributions. The incentive is recognized on accrual basis when there is reasonable assurance of compliance with the scheme's conditions and receipt of the incentive, based on the entitlement report generated through the EPFO Employer Unified Portal.

p) Other Accounting Policies

Accounting policies not referred to otherwise are consistent with generally accepted accounting principles.

36 During the year, the Company discontinued to avail the concessional tax regime under Section 115BAB of the Income-tax Act, 1961, consequent to its engagement in trading activities in addition to its manufacturing activities, resulting in non-compliance with the prescribed conditions applicable to the said tax regime. Consequent to the aforesaid change, the brought-forward losses of Rs. 105.68 Lakhs and unabsorbed depreciation of Rs. 276.85 Lakhs as at 31 March 2025, to the extent attributable to deductions or allowances restricted under the applicable provisions of Section 115BAB, are deemed to have been given full effect to and shall not be available for set-off or carry-forward in subsequent years. 37 During the year, the Company shall exercised the option under Section 115BAA of the Income-tax Act, 1961 to avail the concessional income tax rate applicable to domestic companies. The impact of adopting the new tax regime has been duly considered when determining the current tax and deferred tax for the year.

38 The net worth of the Company has been fully eroded as at 31st March, 2026, primarily due to accumulated losses incurred during the development phase of its business. Consequently, the level of operations has not been sufficient to absorb the fixed costs associated with the Company's business and assets. During the year, the holding company has invested ₹500 lakh in the Company by way of equity, reflecting its financial commitment and support towards the Company's business and development activities.

Further, the Board of Directors of the Company, vide its resolution dated 5th March, 2026, has approved a proposal for the merger/amalgamation of the Company with its holding company. The proposed merger is subject to the preparation and implementation of the requisite scheme and receipt of the applicable corporate, statutory, regulatory and other approvals, as may be required.

Having regard to the development status of the business, the equity investment made by the holding company and the proposed merger approved by the Board of Directors, the management has assessed the Company's ability to continue as a going concern and considered it appropriate to prepare the financial statements on a going-concern basis. The Company will continue to pursue its business plans with the support of its holding company and take the necessary steps in connection with the proposed merger, subject to the requisite approvals.

39 The Company operates in a single business segment, namely, the manufacture and sale of self-adhesive tapes. Accordingly, the Company has only one reportable business segment in accordance with Accounting Standard (AS) 17, Segment Reporting. The Company's operations are primarily confined to a single geographical segment; hence, no separate geographical segment reporting is required.

Reason for Changes -

The significant variations in financial ratios exceeding 25% are primarily attributable to the Company being in the process of capitalisation of its manufacturing facilities, with installed capacity remaining underutilised. Consequently, the operations have not yet stabilised, and the ratios may not be fully representative of the Company's normal operating performance. The variations are also influenced by changes in the level of operations, cost structure, working capital and capital employed during the year.

To the Members of Ajit Industries Private Limited
Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Ajit Industries Private Limited** ("the Company"), which comprise the balance sheet as at 31st March 2026, and the statement of profit and loss, and cash flow statement for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon. The above-referred information is expected to be made available to us after the date of this audit report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Director's report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance

with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1 As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure-A, a statement on the matters specified in the paragraph 3 and 4 of the order.

2 As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books read with the matters stated in the paragraph 2(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Ajit Industries Private Limited** ("the Company") as of 31st March 2026 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning Of Internal Financial Controls with Reference to Standalone Financial Statements Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: -

1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

b) Property, Plant and Equipment

PPE are recorded at cost of acquisition less accumulated depreciation and net of Input tax Credit. Cost inclusive of freight, taxes and other directly attributable costs incurred to bring the assets to their working condition for intended use. Additions to the Property, Plant and Equipment have been accounted for on the date of installation and its use irrespective of date of invoice.

Subsequent expenditure related to an item of PPE is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing PPE, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of "PPE "are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognised only if there is a virtual certainty of realization of such assets. p) Earnings per share
Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Contingent Liabilities and Provisions

❖ **Contingent Liabilities**
A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

- **Provisions**

  A provision is recognized when the Company has a present obligation as a result of past event, the settlement of which is expected to result in an outflow of resources embodying economic benefits and reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate. Where the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

r) Cash and cash equivalents
